<center>

<form>

<tr>

<h1 style="color:DodgerBlue;">FACEBOOK</h1>

<p style="color:DodgerBlue;">This is my first choice , kase palagi ko siyang ginagamit. And kailangan ko siya araw araw para maging aware ako sa mga happenings sa paligid ko. Isa din to sa mga way ko para makipag communicate sa mga friends and relatives ko especially ngayon kase pandemic. And dagdag entertainment na rin whahaha sa mga clips video na napapanuod sa NF ni Fb. Ginagamit na rin siya ngayon for online class activities and mga encouragement post para sa mga studyante na nahihirapan sa online class. Para saken big help yun as a college student.</p>

</th>

</tr>

<tr>

<h1 style="color:MediumSeaGreen;">YOUTUBE</h1>

<p style="color:MediumSeaGreen;">My Second choice is YouTube , kase ito yung tambayan ko when pandemic happens aside sa Fb. Pag may gusto akong matutunan like DIY , Decorations ,Cooking , dito ako nag s-search ng mga ganung content. And syempre nanunuod din ako ng mga Kpop dances or yung mga latest show nila , sa YouTube ko nakikita.And syempre dito rin ako nakikinig minsan ng mga latest song , or nanunuod ng TikTok kase wala akong apps na ganun sa phone. Madame kang matututunan sa mga different contents na makikita mo sa YouTube , kaya nakakaaliw din na tumambay.</p>

</th>

</tr>

<tr>

<h1 style="color:SlateBlue;">PINTEREST</h1>

<p style="color:SlateBlue;">I Choose Pinterest kase dito ako kumukuha ng mga magandang quality of photos. Di ko alam kung ako lang nagagandahan sa quality niya pero instead of Google , sa Pinterest ako kumukuha ng mga pictures. Pictures na pang background , mga Idols , Bible Verse , yan dito kumukuha. And syempre pede siya kahit sa phone lang talagang maganda yung quality. Kumukuha din ako dito ng mga pang layout ganun , or pag may binibigay ang ibang prof na picture tas malabo ,thank God meron sa Pinterest.</p>

</th>

</tr>

<tr>

<h1 style="color:Orange;">INSTAGRAM</h1>

<p style="color:Orange;">My fourth choice , actually hindi ako masyadong gumagamit ng IG. I mean wala ako masyadong post sa social media na to , ginagamit ko lang din to as update para sa mga idol ko and minsan sa shopping term. Nagustuhan ko sa social media na to is yung mga filter niya na talaga namang napakaganda , ang saya mag capture ng mga scenery using this app. Friendly user din siya , and nakaka enjoy mag scroll dahil nga puro pictures and clips makikita mo of your idols.</p>

</th>

</tr>

<tr>

<h1 style="color:Gray;">GOOGLE</h1>

<p style="color:Gray;">My last but not the least choice is Google , matuturing kong best friend. Dito ko nalalaman lahat ng hindi ko alam. Dito din mas napapalawak yung knowledge ko in one particular thing.Pero syempre maging maingat pa rin sa pag gamit ng kahit anong klase ng social media nowadays.</p>
